Flexible Ribbon and Intrinsic Thermocouples
Nanmac Corporation

Gentlemen:

You can now obtain a 20 millisecond thermocouple for less than \$5.00 in quantities. The enclosed News Letter tells you all about this new product and outlines prices too.

You will find many new applications for this new thermocouple. If you need application engineering don't hesitate to call on me.

Use the enclosed business reply card for additional information and complete catalogs.

Sincerely yours,

N. W. Alexander
